

## Graduates in Physics or Chemistry

**WESTCODE**  
An IXYS Company

Westcode Semiconductors is seeking graduates in Physics or Chemistry, that have a focus on solid state physics, to join the process and product development teams at our manufacturing facility in Chippenham, Wiltshire, UK.

Westcode is part of the worldwide IXYS family of companies and has a particularly close relationship with the manufacturing facility in Lampertheim, Germany. There is potential to strengthen this further through secondment.

We are seeking ambitious, highly motivated individuals to join what is a growing and developing business, in the area of high power semiconductor devices and photovoltaics.

Successful candidates will join a challenging and rewarding environment and receive the following benefits:

- i. competitive salary
- ii. health cash plan
- iii. contributory group personal pension scheme
- iv. life assurance

We are particularly interested in hearing from graduates with interests in the following areas:

- i. physics of semiconductor devices
- ii. solid state diffusion
- iii. photolithography
- iv. high power semiconductor devices
- v. photovoltaics
